# OUR ROOTS

James Baroud's journey is a testament to our unwavering commitment to build the world's best rooftop tents. Our story began in the early 1980s when our founders discovered a passion for caravanning across North Africa. This triggered an idea to build something leveraging their experience in canvas shelter manufacturing with the ability to traverse the desert safely and comfortably. This gave birth to the very first James Baroud rooftop tent. Since then, we've championed innovation, technology, and premium materials, setting a luxury standard in camping This fusion of overlanding passion and manufacturing expertise continues to drive our product innovation today. In 2005, a technological milestone was reached with our first automatic opening tent, redefining camping practicality and comfort. In 2015, we introduced the first 360-degree panoramic view rooftop tent, enhancing aesthetics and the immersing the user in nature. Today, James Baroud stands out from the competition by being a leader to new designs and innovation. Our products epitomize quality materials and accumulated knowledge. Committed to exceeding expectations, we're guided by the backbone values of our brand: innovation, technology, and the unmatched luxury of exceptional materials.

## 80 YEARS OF HERITAGE

The profound passion for camping and manufacturing expertise laid the foundation for the creation of James Baroud.

## LEADING INNOVATION

James Baroud introduces the first automatic-opening tent.

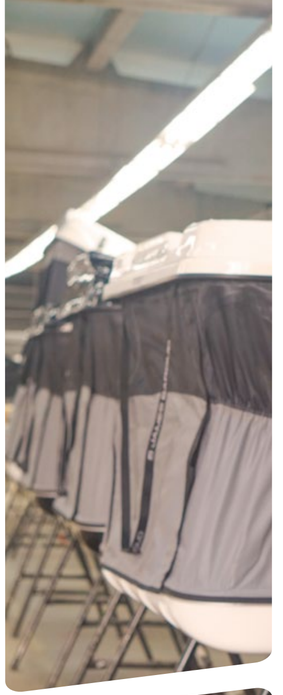

## BY CAMPERS TO CAMPERS

Transformed roof tents by exchanging tiny vents for panoramic windows, providing stunning 360° views.

## MADE WITH LOVE

The same level of craftsmanship and attention to detail goes into every product we produce.

JAMES BAROUD

# FRONTIER SERIES

## ULTIMATE INNOVATION FOR ROOFTOP TENTS.

Built to withstand extreme outdoor conditions, these tents offer blackout and sound insulation. With its sleek and contemporary design, this line represents a significant innovation in the realm of rooftop camping, featuring the added versatility of incorporating our cutting-edge Frontier Crossbars.

## ABS SHELL

Constructed from a thick ABS material with a UV protection layer, these shells are built to last, providing exceptional durability and resistance to the elements. The Frontier Series shells combine outstanding functionality with a sleek, aerodynamic design. The stylish shape not only enhances the look of your vehicle but also improves fuel efficiency when the tent is closed.

Recyclable ABS Material

## FRONTIER FABRIC

The 3 layered fabric boasts double seams, ensuring robustness and durability, while effectively reflecting solar rays and offering excellent resistance to UV radiation, heat, and water.

## 100% BLACKOUT

The Frontier fabric is a material with 100% blackout properties, which is crucial for ensuring a good night's sleep.

## SOUND REDUCTION

The Frontier fabric also has acoustic properties that are important for a good night's sleep. It features acoustic technology that helps reduce surrounding noise at your camping spot. Additionally, the zipper cursors are made of rubber to further minimize the noise of the sliders hitting the fabric in the wind.

## THERMAL INSULATION

Experience the pinnacle of peaceful nights with the Odyssey, a marvel of innovation. Delight in the serenity of its advanced design, which not only pledges but also achieves enhanced acoustic and thermal insulation, crafting a serene sanctuary for undisturbed and blissful sleep. The Odyssey's dedication to perfection in every aspect guarantees that your nights are not just cozy but also a testament to the seamless blend of technology and considerate design, establishing a fresh benchmark for tranquil experiences.

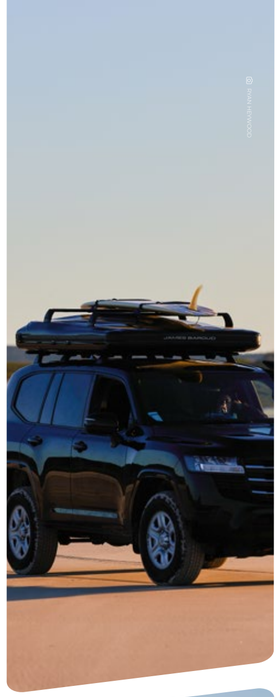

## FEATURES

- Realible under Extreme Weather
- High Density Mattress
- 24h Solar Powered Vent
- Panoramic Views
- 5 Year Warranty
- 3 Layered Patented Fabric
- Complete Blackout
- Enhanced Noise Reduction

JAMES BAROUD

# ODYSSEY

## THE ULTIMATE ADVENTURE COMPANION.

Our best in class ABS hardshell tent, the Odyssey delivers superior comfort and convenience with the world's best performing fabrics.

With the most advanced high quality fabrics, the Odyssey brings a level of comfort that you won't find from any competitor.

Our patented 3 layer Frontier Fabric was built by a collaboration between the engineers at James Baroud and our exclusive supplier based in Portugal.

## ULTIMATE OUTDOOR LUXURY

Some of the marvels of the Odyssey tent are its shape and views from the inside. We always chose an organic element as inspiration for structure. The Odyssey takes its shape from the intricate curvatures of the whale shark. This design is not only eye-catching but has more wind resistance thus reducing fuel consumption. We're also proud to feature the an improved with a 360 degree panoramic view, this not only enables incredible views, but also creates better drafts which help the tent cool down faster during warmer temperatures.

## FEATURES

- Thick and Resistant Shell
- 3 Layered Patented Fabric
- 360° Panoramic Views
- Complete Blackout
- Unmatched Thermal Insulation
- Enhanced Noise Reduction

## PREMIUM CRAFTMANSHIP

Every part of the tent is handmade from scratch in-house from a high-density polymer to prevent rust and wear from the elements.

## DURABILITY AND CONVENIENCE

To enhance durability and convenience, the bottom hull features a thicker lining to reduce noise and provide better insulation.

## SPECS

JAMES BAROUD

# SOFT SHELL TENTS

## COMPACT AND LIGHTWEIGHT ROOF TOP TENTS.

These tents feature a sturdy aluminum structure and floor with an insulated interior layer to provide you with a comfortable and stable place to rest while on your adventures.

## COMPACT DESIGN

Ingeniously crafted for easy transport and quick setup, these tents provide a remarkable blend of portability and functionality.

## WIND RESISTANCE

With the Vision's distinctive dome shape, the Evolution Fabric is stretched to its full potential, increasing tension and enhancing the tent's overall strength and stability.

## COMFORT

The Vision is equipped  with the James Baroud High-density Mattress, designed specifically for long trips and maximum comfort, featuring a density of 28kg/m3 (1.75 lb/ft3) and a height of 65mm (2.5 inches), making it one of the most comfortable options on the market.

## FOR ANY WEATHER

The Vision tent's flooring is crafted with a high-quality composite aluminum that incorporates polymers within its structure, enhancing its thermal insulation capabilities and providing added comfort during various weather conditions.

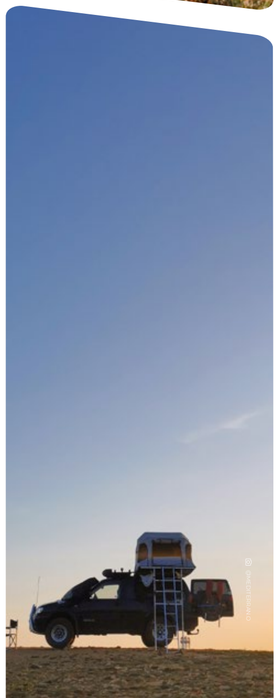

## PANORAMIC VIEW

In addition to its exceptional material composition, the Vision tent features two doors and four windows that allows you to fully immerse yourself in the surrounding beauty of nature. The Vision tent also incorporates two openings on the sides to improve airflow and effectively reduce condensation, providing a comfortable and dry camping experience. The tear-resistant, fine-mesh mosquito netting, integrated seamlessly into the fabric, ensures that you can enjoy the breathtaking panoramic views while keeping insects at bay.

## FEATURES

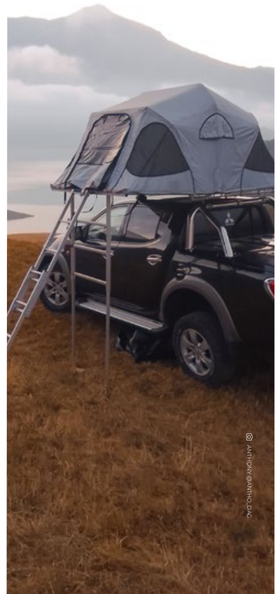

- Reliable under Extreme Weather

# THERMAL INSULATION

## KIT FOR ROOFTOP TENT COMFORT.

The James Baroud Thermal Insulation Kit is a must-have accessory extreme camping. Designed specifically for each rooftop tent model, this kit features insulated panels that attach to the tent's interior velcro strip, providing exceptional thermal insulation inside the tent.

### FEATURES

- Condensation Reduction
- Extreme Weather

JAMES BAROUD

# FRONTIER CROSSBARS

## EXPAND YOUR STORAGE GEAR.

One of the biggest Frontier innovations is the ability to add optional cargo bars at the top, designed to carry additional items on top of the Odyssey. Thanks to the Frontier design and technology, you can now pack large items like surfboards, kayaks and solar panels up top and the Odyssey will still open and close quite easily.

### SPECS

**Open Weight limit:** 10kg (22lbs)
**Closed Weight limit:** 70kg (150lbs)
**Dimensions:** 72 x 58cm (28x22")

# CUSTOMERS FEEDBACK

## WHAT PEOPLE SAY ABOUT US

Discover the world through the lens of James Baroud clients, where experience meets excellence. For years, our brand has been synonymous with premium experiences, and our clients have spoken. Their feedback echoes the trust and satisfaction born from decades of dedicated service.

*"I have ran my first James Baroud tent for 5 years. The SPACE. In that time, I would have slept in it over 500 nights. I literally cannot fault it and to this day still claim it's the best camping accessory I have ever owned. I am a huge ambassador for James Baroud and recommend them everywhere I go as well as heavily in my Instagram pages. We have recently upgraded to the odyssey and love it. James Baroud produces such quality products..."*

Tom Corra

@yeathe76

*"Exceptional customer service. I needed them a few days ago, and he response was immediate. hank you very much."*

Anabela Vinuesa

*"Awesome product ever. High quality, warm customer service. I definitely recommend James Baroud products to everyone."*

Yoon Park

*"I believe it's one of the most reputable companies I've ever encountered! I had a minor issue with one of their products, and their customer service provided a quick solution plus a generous gift. Everything was handled promptly and professionally! I will definitely remain a loyal customer. Congratulations, indeed!"*

Michelle Danna

*"I did a lot of research when I chose to upgrade my existing rooftop tent. James Baroud stood out from everyone and was exactly what I was looking for! I have the Evasion tent in black and love it! It's performed exceptionally in the hot temps of Southern California and the rain, snow and windy weather of Colorado! No buyer's remorse here!!"*

Dan Dyer

*"The vertical space in this tent is crazy. I guess that's why they call it the space tent! Even for a 6'3" tall guy like myself, plenty of room!"*

Beck
